Overview

Why life insurance makes sense

What does term life insurance protect?

Let's start with your peace of mind.

- Life insurance can cover your family's needs if you're not there, including food, bills and debt.
- It can help pay for your children's education.
- It can help ensure your family stays in their home.
- And help take care of those who depend on you.

In short, life insurance can help replace your paycheck if you aren't there to earn it.

When life changes, so should your life insurance.

- New family members, a new job, a move or even a raise all mean that your life insurance needs have changed.
- Review your protection every year during your benefits enrollment.
- There's even a possibility your financial needs may decrease over time.

Life insurance costs less than you may think.

- With term life insurance, you can protect your family for a small fraction of your annual salary — about 1%, according to MetLife estimates.¹
- Compare that to the fact you're insuring years of income.

Life insurance is a smart financial move.

- Life insurance is a predictable financial option.
- Beneficiaries usually receive the proceeds of your policy income-tax free.

Now that you know how life insurance and AD&D insurance can help you protect those who depend on you, take a moment and get the coverage you need.

Make sure you learn more and enroll today!

Get an idea of how much life insurance might be right for you.

- A rule of thumb is 60% of your annual income times years to retirement. This incorporates an estimate of your salary, assuming some normal raises over time, and adds the value of your employee benefits, like healthcare. Then it subtracts the effect of taxes, and what it costs your family to have you around. Try our coverage estimator tool at metlife.com/MyBenefits.

Get more insurance on your life by adding accidental death & dismemberment (AD&D) insurance.

This extra protection can help provide financial security should a sudden accident take your life or cause you serious loss or harm. This coverage complements your life insurance coverage and helps protect you 24 hours a day, 365 days a year (please see your Plan Summary for details). This protection covers you for:

- Paralysis
- Fatal accident
- Brain damage or coma
- Loss of limb, speech, hearing or sight

Some additional benefits that may be included in your AD&D insurance coverage include:

- Air bag benefit
- Child care center benefit
- Seat belt benefit
- Hospitalization benefit

Like most group life insurance policies, MetLife Group Life Insurance policies have certain exclusions, limitations, reductions of benefits and terms for keeping them in force. A MetLife representative can provide you with costs and complete details.

REQUIRED DISCLOSURE STATEMENT FOR ACCELERATED BENEFITS

Limitations Of The Accelerated Benefit Option:

The Accelerated Benefit Option is available to insureds under the group life insurance policy. The Accelerated Benefit Option may provide benefits to pay for long-term care services but it is NOT part of a long-term care or nursing home insurance policy and the amount this benefit pays may not be enough to cover medical, nursing home or other bills. You may use the money received from the Accelerated Benefit Option for any purpose. Unlike conventional life insurance proceeds, accelerated benefits payable under this policy **COULD BE TAXABLE IN SOME CIRCUMSTANCES**. We recommend contacting a tax advisor when making tax-related decisions about electing to receive and use benefits under the Accelerated Benefit Option.

A. Consequences Of This Benefit:

Receipt of accelerated benefits **MAY AFFECT MEDICAID and SUPPLEMENTAL SECURITY INCOME ("SSI") ELIGIBILITY**. The mere fact that you are insured under a group policy with an accelerated benefits feature may affect your eligibility for these government programs. In addition, exercising the Accelerated Benefit Option and receiving those benefits before you apply for these programs, or while you are receiving government benefits, may affect your initial or continued eligibility. Contact the Medicaid Unit of your local Division of Medical Assistance and the Social Security Administration for more information.

B. Medical Condition Enabling Acceleration Of Life Benefits:

Terminal Illness is the only medical condition which qualifies for accelerated benefits under the group policy. "Terminal illness" is a condition that a physician certifies will reasonably be expected to result in a drastically limited life span as specified in the group policy.

C. Payment Options:

The accelerated benefit is payable as a LUMP SUM. You or your legal representative may select another payment mode, such as 3 monthly installment payments.

D. Premium For Accelerated Benefit:

The cost of the Accelerated Benefit Option is included in your regular monthly premium.

E. Administrative Expense Charge:

No additional administrative expense charges apply.

Intoxicated means that the Covered Person's alcohol level met or exceeded the level that creates a legal presumption of intoxication under the laws of the jurisdiction in which the incident happened.

Preexisting Condition Exclusion:

A preexisting condition is a sickness or injury for which, in the 3 months before a Covered Person becomes insured for this coverage:

- medical advice, treatment or care was sought by such Covered Person, or recommended by, prescribed by or received from a physician or other practitioner of the healing arts; or
- symptoms, or any medical or physical conditions existed that would cause an ordinarily prudent person to seek diagnosis, care or treatment.

We will not pay benefits for a Covered Condition that is caused by or results from a preexisting condition if the Covered Condition occurs during the first 6 months that a Covered Person is insured under the Certificate.

The preexisting condition exclusion applies to benefit increases.

LIMITATIONS

Reduction of Benefits On Account of Prior Claims Paid

We will reduce what we pay for a claim so that the amount we pay, when combined with amounts for all claims we have previously paid for the same Covered Person, does not exceed the Total Benefit Amount that was in effect for that Covered Person on the date of the most recent Covered Condition. This provision does not apply to claim payments for Supplemental Benefits.

Benefit Reduction Due to Age

The Benefit Amount and the Total Benefit Amount will each be reduced by: 25% when the Covered Person reaches age 65; and, by 50% when the Covered Person reaches age 70. If the Total Benefit Amount, when reduced under the Benefit Reduction Due to Age, is less than or equal to the sum of all benefits previously paid under the Certificate, insurance under the Certificate will end on the date of such reduction.

Attained Age rates are based on 5-year age bands and will increase when a Covered Person reaches a new age band. Why critical illness insurance makes sense

Critical illness insurance can help with unexpected expenses that may not be covered by your medical insurance.

Why do I need it?

Your medical insurance helps cover your medical bills if you get sick. But a serious illness, such as cancer,¹ heart attack or stroke² may bring unexpected expenses that might not be covered by your medical insurance. At the same time, a critical illness may affect your ability to earn an income, which may cause you to dip into your savings. Some expenses might include:

- Essential living expenses, especially if you can't work or if a relative takes time off to help care for you
- Medical copays and deductibles
- Additional childcare while you recover

How much should I be prepared for?

By themselves, these expenses may not seem significant but together they can add up. In fact, out-of-pocket costs associated with an unexpected critical illness can be as high as \$14,444 or more, according to MetLife survey respondents.³

Now that you know how critical illness insurance can help protect your financial security, take a few minutes to learn more and enroll today.

Premium rates for MetLife's Issue Age CII are based on age at the time of the initial coverage effective date and will not increase due to age; premium rates for increases in coverage, including the addition of dependents' coverage, if applicable, will be based on the covered person's age at the time of that increase's effective date. Rates are subject to change for MetLife's Issue Age CII on a class-wide basis. Kathy's daughter, Molly, plays soccer on the varsity high school team. During a recent game, she collided with an opposing player, was knocked unconscious and taken to the local emergency room by ambulance for treatment. The ER doctor diagnosed a concussion and a broken tooth. He ordered a CT scan to check for facial fractures too, since Molly's face was very swollen. Molly was released to her primary care physician for follow-up treatment, and her dentist repaired her broken tooth with a crown. Depending on her health insurance, Kathy's out-of-pocket costs could run into hundreds of dollars to cover expenses like insurance co-payments and deductibles. MetLife Group Accident Insurance payments can be used to help cover these unexpected costs.

Why accident insurance makes sense

An accident can bring unexpected expenses.

Accident insurance can help you get back on your feet.

An accident can happen to anyone in the family — and with it can come unexpected expenses not covered by medical insurance.

You may want to consider accident insurance if:

- You and your family have an active lifestyle
- Your children play sports
- Your medical plan has high deductibles or copays

Accident insurance:

- Covers your family for a wide variety of accidental injuries, including broken bones, concussions, dislocations,¹ and second- and third-degree burns.²
- Provides a lump-sum payment when a covered person has medical services and treatments related to accidental injuries, such as certain doctor visits, ambulance transportation, medical testing and physical therapy.²
- Is a valuable complement to your medical insurance.

- Can help protect your savings from unexpected expenses, which could be substantial.
- Provides payment directly to you, which you can use any way you see fit.

It's easy.

- There are no waiting periods, and with a hassle-free claims process, you have less to worry about.
- You may have a choice of plans to fit your budget and specific needs.
- You can also take the coverage with you if you leave the company or retire.³

The maximum amount payable for all Covered Losses sustained in any one accident is capped at 100% of the Full Amount.

What's Not Covered?

Like most insurance plans, this plan has exclusions. Supplemental and Dependent Life Insurance does not provide payment of benefits for death caused by suicide within the first two years (one year for group policies issued in Missouri, North Dakota and Colorado) of the effective date of the certificate or an increase in coverage. This exclusionary period is one year for residents of Missouri and North Dakota. If the group policy was issued in Massachusetts, the suicide exclusion does not apply to dependent life coverage. The suicide exclusion does not apply to residents of Washington, or to individuals covered under a group policy issued in Washington.

Please note that a reduction schedule may apply. Please see your plan administrator or certificate for specific details.

Accidental Death & Dismemberment (AD&D) coverage complements your Basic and Supplemental Life insurance coverage and helps protect you 24 hours a day, 365 days a year.

Accidental Death & Dismemberment Coverage Options

This valuable coverage benefits beyond your disability or life insurance for losses due to covered accidents — including while commuting, traveling by public or private transportation and during business trips. MetLife's AD&D insurance pays you benefits if you suffer a covered accident that results in paralysis or the loss of a limb, speech, hearing or sight, or brain damage or coma. If you suffer a covered fatal accident, benefits will be paid to your beneficiary.

Voluntary AD&D Coverage Amounts for You:

You also have the option to enroll for Voluntary AD&D insurance.

You can choose the Voluntary AD&D option that meets your needs:

- Multiples of \$5,000

The maximum amount of coverage you can receive is the lesser of 10 times your basic annual earnings or \$300,000.

Voluntary AD&D Coverage Amounts for Spouse and Child(ren):

You can choose to cover your dependent spouse and child(ren) with AD&D coverage. Your dependents will be eligible for the following coverage:

Dependent Spouse and Child(ren):

- **Child(ren)** — 10% of your coverage amount

Dependent Spouse only:

- 60% of your coverage amount

Dependent Child(ren) only:

- 15% of your coverage amount

*Child(ren)'s Eligibility: Dependent children ages from birth to 26 years old are eligible for coverage. In TX, regardless of student status, child(ren) are covered until age 25.

Additional Features

This insurance offering from your employer and MetLife comes with additional features that can provide assistance to you and your family.

Accelerated Benefits Option¹⁰

For access to funds during a difficult time

If you become terminally ill and are diagnosed with 24 months or less to live, you have the option to receive up to 80% of your life insurance proceeds. This can go a long way towards helping your family meet medical and other expenses at a difficult time. Amounts not accelerated will continue under your employer's plan for as long as you remain eligible per the certificate requirements and the group policy remains in effect.

The accelerated life insurance benefits offered under your certificate are intended to qualify for favorable tax treatment under Section 101(g) of the Internal Revenue Code (26 U.S.C. Sec 101(g)).¹⁰

Accelerated Benefits Option is not the same as long term care insurance (LTC). LTC provides nursing home care, home-health care, personal or adult day care for individuals above age 65 or with chronic or disabling conditions that require constant supervision.

Conversion

For protection after your coverage terminates

You can generally convert your group term life insurance benefits to an individual whole life insurance policy if your coverage terminates in whole or in part due to your retirement, termination of employment, or change in employee class. Conversion is available on all group life insurance coverages. Please note that conversion is **not** available on AD&D coverage. If you experience an event that makes you eligible to convert your coverage, please call 1-877-275-6387 to begin the conversion process. Please contact your plan administrator for more information.

Waiver of Premiums for Total Disability (Continued Protection)

Offering continued coverage when you need it most

If you become Totally Disabled, you may qualify to continue certain insurance. You may also be eligible for waiver of your basic and supplemental and dependent term life insurance premium until you reach age 70, die, or recover from your disability, whichever is sooner.

Total Disability or Totally Disabled means you are unable to do your job and any other job for which you are fit by education, training or experience due to injury or sickness. The Total Disability must begin before age 60, and your waiver will begin after you have satisfied a 3-month waiting period of continuous disability. The waiver of premium will end when you turn age 70, die, or recover. Please note that this benefit is only available after you have participated in the supplemental term life plan for 12 months and it is not available on dependent coverage. This 12 month requirement applies to new participants in the plan.

If you return to work after completing part or all of the 3-month waiting period and later cease active work due to the same or a related Total Disability while your coverage is being continued, you will be given credit for the prior partial or total completion of the waiting period and it will be considered a continuation of the original Total Disability. This means that if you completed the waiting period of continuous disability in the original period of disability, you will not need to complete another one.

- You must notify MetLife of the later period of cessation of active work within 12 months of when that period began.
- The amount of insurance being continued will be the same as during the original period of disability, subject to any reductions in coverage amount due to age.

Will Preparation ⁷To help ensure your decisions are carried out

When you enroll for supplemental term life coverage, you will automatically receive access to Will Preparation Services at no extra cost to you. Both you and your spouse will have unlimited in-person or telephone access to one of Hyatt Legal Plans' nationwide network of 14,000+ participating attorneys for preparation of or updating a will, living will or power of attorney.* When you use a participating plan attorney, there will be no charge for the services.* Like life insurance, a carefully prepared will (simple or complex), living will and power of attorney are important.

- A will lets you define your most important decisions, such as who will care for your children or inherit your property.
- A living will ensures your wishes are carried out and protects your loved ones from having to make very difficult and personal medical decisions by themselves. Also called an "advanced directive," it is a document authorized by statutes in all states that allows you to provide written instructions regarding use of extraordinary life-support measures and to appoint someone as your proxy or representative to make decisions on maintaining extraordinary life-support if you should become incapacitated and unable to communicate your wishes.
- Powers of attorney allow you to plan ahead by designating someone you know and trust to act on your behalf in the event of unexpected occurrences or if you become incapacitated

Call 1-800-821-6400 and a Client Service Representative will assist you.

* You also have the flexibility of using an attorney who is not participating in the Hyatt Legal Plans network and being reimbursed for covered services according to a set fee schedule. In that case you will be responsible for any attorney's fees that exceed the reimbursed amount.

Use the table below to calculate your premium based on the amount of life insurance you will need.

Example: \$100,000 Supplemental Life Coverage

1. Enter the rate from the table (example age 36)	\$0.070	\$ _____
